hours.

.ALL MEETINGS ARE OPEN TO ALL MEMBERS. If you have the time to volunteer for a committee position you will enjoy the company and have fun with helping.

Letter from your Commodore

Hello everyone,

Well there goes July 4 th. Seems like summer is just flying by. The trip to Huron was a lot of fun as usual. Seems like everyone had a great time. Unfortunately Patty was injured at the Huron Yacht Club ,But after discussing it with Chaplin Nan Kubera over a Game of checkers we decided it was just a bump on the head and a slight case of the flu. She bounced right back.

Thanks to Rear commodore Gary and his Committee for a great job on the steak fry. Fortunately Patty was not injured at this event.

No new info on new construction plans At the Wheelhouse. I have been promised a call as soon as info is available.

Cedar Point cruise is in August this is sure to be fun.

That is all I have for now see you around the Wheelhouse or on the Lake.

Commodore John Kiernan

Vice-Commodore Roger Kubera

The Wheelhouse committee has decided to add, wings, cheese sticks and wheelhouse burgers. This is being done because the building process above us has been delayed.

Rear Commodore Joey Gary

Wow wasn't that a party, the steak fry was a huge success. It never could have happened with out the help of the steak fry committee and the numerous others that helped. Thanks again everyone. I'm looking forward to the dingy poker run, July 3, get your tickets now. Also in the planning stages is the Sept clambake. More to come as progress is made. Stop by the club and say hello, it's a great way to meet the members. Anyone that has not received their by laws book and club burgee, please contact me.

Smooth sailing

Sea ya at the club

R/C Joey Gary

Sail Captain Bob Klemenc

Share a Boating Adventure

Sailors fishing?! Fishermen Sailing?! Impossible you say? Why not!

WYC is sponsoring Shared Boating Adventures for members. We encourage members to share their various boating experiences by taking other members out on their respective boats. Coordinated by Sail Fleet Captain Bob Klemenc, members may participate by contacting Bob at the number below. So, if you've never sailed, never fished, here is your chance. Let's exchange our favorite boating adventures. Any members interested in taking out other members on your boat, or members interested in going out on another member's boat please call and I will put you in touch with each other.

Bob Klemenc, WYC Sail Fleet Captain

Ways and Means Committee

Update on WYC clothing inventory status.

At this time we are selling the Golf Shirts from the existing inventory at \$1.00 over cost. These Golf shirts that we have right now are excellent quality and we still have a variety of the larger sizes. We have ordered tank tops (ladies and men's), ladies sleeveless tops, denim shirts, (long and short sleeve), twill shirts, baseball hats, youth sweatshirts, and light weight jackets. Everything has been ordered in limited sizes and various colors. For those of you interested in the light- weight jacket the vendor, Style by Kristen DuPrey, has agreed to put your boats name on the front for no extra charge as long as the font stays the same as her current digitized logo. Anything you see that we don't have in the size or color you want can be ordered.

Anytime that you would like to purchase WYC clothing at the Wheelhouse and Beth or I are not available, you can see Terri and she will help you. We are able to accept credit cards.

Thank You and we hope there is enough variety to get you going for the summer.

Ways and Means Committee Members

Beth Lusk and Patty Kiernan

SPECIAL NOTICE

Beginning in June this newsletter will be posted on the WYC website.

May Rains Increase Lake Erie Water Levels

Several days of thunderstorms and wet May overall are helping raise water levels on the Great Lakes. The Army Corps of Engineers says Lake Erie is five inches higher than it was last year. The other four Great Lakes are two to nine inches higher. But the Corps and the Great Lakes Commission says it would take many more downpours to bring the lakes back to normal. Lake Erie ran about six inches below its long-term average last year. Hydrologists had expected it to remain steady this year. Higher water levels usually mean fewer boats run aground.

ATTENTION

Items to be placed in the newsletter for sale must be submitted by the 20th of each month.

Announcements such as Birthdays, Anniversaries, etc are also welcome.
